

NWAIA Continuing Education

Presented by the infamous Steve Thomas of Colorado Code

IBC Overview -101 - February 14th: 8:30 to 5:00 • 7ceu's

Explores the major provisions of the International Building Code. The presentation will include discussions of the provisions addressing the following issues: occupancy classification, types of construction, means of egress, fire sprinklers and fire-resistive-rated construction, administrative provisions and accessibility. This class is designed to provide an introduction to the new provision of the code.

IBC Accessibility Basic - 241 - February 15th: 8:30 to 5:00 • 7ceu's

Provides basic concepts of disabled accessible design and construction using the International Building Code and ICC/ANSI A117.1. The first portion of the class will discuss WHEN accessible features are required by the IBC. The remainder of the class will be devoted to HOW a building and its site is made accessible by the A117.1 Standard. This class is intended for the code user who is either new to accessible design or is in need of a refresher on the ever-changing requirements.
